

According to the American Humane Society, just 15% of lost dogs and 2% of lost cats ever find their way back home.

Every 4th and 5th of July we see a dramatic rise in lost pets.

More pets escape around the Holiday because of the stress and fear from the noise and commotion of Independence Day fireworks and festivities.

We would like to remind you that microchipping is low-cost, safe and painless way to help ensure a happy ending should your pet wander.
